

Warranty

SomnoMed® warrants all SomnoDent® devices supplied to be free from defects in materials and workmanship for a period of 36 months from the date of delivery to the Providing Dentist.

Exceptions are provided for Herbst and SomnoDent Herbst Advance devices. SomnoMed offers a 3 year product warranty against manufacturing defects for Medicare patients, and a 2 year warranty for Non-Medicare patients.

[SomnoMed gives no warranty that the SomnoDent will be efficacious in the treatment of snoring or Obstructive Sleep Apnea.]

- a. The SomnoDent warranty is invalidated if the patient has subsequent substantial restorative work.
- b. Additionally, the SomnoDent warranty is covered only for in-mouth breakage.
- c. The warranty covers only repair of the device. If new casts or impressions are required, the warranty is void. In such cases SomnoMed offers to remake the device at a reduced cost.
- d. Warranty repair work may only be completed by the authorized SomnoMed facility at which the SomnoDent was originally manufactured.
- e. Repairs not covered under warranty include, but are not limited to: reset bites, acrylic fracture; clasp repair; wing repair; and other damage not caused by manufacturing defects. For example, repairs caused by defective or distorted models, defective or distorted bite records, calculus deposits and device modifications made by non-SomnoMed authorized technicians
